**Re:** Initial I-956F, Application for Approval of an Investment in a Commercial Enterprise  
INF2660019740

On January 29, 2026, 3G Southeast Regional Center, LLC (“the Regional Center”) filed a Form I-956F to request an Initial I-956F, Application for Approval of an Investment in a Commercial Enterprise in accordance with section 203(b)(5)(F) of the Immigration and Nationality Act (“INA”). The Regional Center was initially approved for designation in the Regional Center Program (“the Program”)<sup>1</sup> on October 10, 2023, under its original name, Golden Florida Regional Center, LLC. On May 16, 2025, the Regional Center received approval for a name change to 3G Southeast Regional Center, LLC and for an expansion of its territory to cover the entire state of Florida, as well as other states.

Specifically, Form I-956F requests the following:

---

<sup>1</sup> INA § 203(b)(5)(E) and its predecessor at Sec. 610 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act of 1993, Pub. L. 102-395 (repealed by the EB-5 Reform and Integrity Act of 2022, Div. BB of the Consolidated Appropriations Act, 2022, Pub. L. No. 117-103).

- Determination of EB-5 compliance for initial I-956F, Application for Approval of an Investment in a Commercial Enterprise.

Effective as of the date of this notice, and as discussed further below, USCIS approves the Regional Center's request.

**I. Determination of EB-5 Compliance for an initial I-956F, Application for Approval of an Investment in a Commercial Enterprise**

Through this Form I-956F and the documents submitted, the Regional Center requests determination of EB-5 compliance for an initial I-956F, Application for Approval of an Investment in a Commercial Enterprise. The Regional Center presented evidence asserting that up to 125 investors will invest up to \$100,000,000 in total EB-5 capital into 3G Westcourt Fund, LLC – the new commercial enterprise (NCE). The NCE will lend the entire amount to Westcourt EB5 Borrower, LLC, the job creating entity (JCE). The JCE intends to develop and operate a mixed-use sports and entertainment district in Downtown Orlando, Florida, including a 265-key Kimpton-branded hotel, 269 multifamily residential units, and a 1,145-stall parking garage, located at 150 S. Hughey Avenue, Orlando, FL 32801.

After review of the documents submitted in connection with this request, USCIS has determined that the Regional Center has demonstrated that the initial I-956F, Application for Approval of an Investment in a Commercial Enterprise complies with EB-5 requirements.

The Regional Center asserts construction activity will last longer than 2 years. Therefore, USCIS approves Form I-956F based on evidence submitted indicating the investment from EB-5 petitioners will create sufficient direct jobs and indirect/induced jobs in accordance with INA § 203(b)(5)(E)(iv)(I) to support up to 125 EB-5 investors. The project's economic analysis projects 3,486 total jobs, including 1,703.2 direct jobs, above the minimum required 1,250 jobs for 125 investors.<sup>2</sup>

USCIS also approves the Regional Center's assertion he JCE will be principally doing business within a high unemployment area.

---

<sup>2</sup> INA § 203(b)(5)(E)(iv)(I) permits aliens seeking admission to satisfy only up to 90 percent of the job creation requirement with jobs that are estimated to be created indirectly through investment. An employee of the new commercial enterprise or job-creating entity may be considered to hold a job that has been directly created. If the jobs estimated to be created are created by construction activity lasting less than 2 years, Applicants may satisfy only up to 75 percent of the job creation requirement with jobs that are estimated to be created indirectly through investment. INA § 203(b)(5)(E)(iv)(II). If the number of direct jobs estimated to be created has been determined by an economically and statistically valid methodology, and such direct jobs are created by construction activity lasting less than 2 years, the number of such jobs that may be considered direct jobs for purposes of clause (iv) shall be calculated by multiplying the total number of such jobs estimated to be created by the fraction of the 2-year period the construction activity lasts. INA § 203(b)(5)(E)(v)(II)(cc).

The designation of the proposed area as a high unemployment area is valid until two years from the filing date of this I-956F.<sup>3</sup>

This approval reflects USCIS determinations on the following: (1) compliance of the comprehensive business plan and economic analysis with applicable requirements to demonstrate sufficient job creation, including INA 203(b)(5)(A)(ii), (E)(iv)-(v) and (F)(i)(I)-(II); (2) compliance of the investment and offering documents to meet minimum investment amount requirements under INA 203(b)(5)(A)(i) and (C) and applicable disclosure requirements under INA 203(b)(5)(F)(i)(IV); (3) compliance of the securities-related submissions and certifications with applicable requirements under INA 203(b)(5)(F)(i)(III), (V) and (VI); (4) applicable designations under INA 203(b)(5)(B)(ii)-(iii), and (5) compliance of persons involved with the NCE and/or JCE under INA 203(b)(5)(H). This approval does not constitute a determination of any petitioner-specific requirements evaluated separately as part of a Form I-526E petition adjudication, including the lawful source and means used to obtain any investment capital under INA §203(b)(5)(D)(ii) and (L). Petitioner specific requirements adjudicated during review of the Form I-526E include, but are not limited to, lawful source of funds and lawful means per INA §203(b)(5)(L); lawful path of funds per INA §203(b)(5)(L); capital and “at risk” deployment per INA §203(b)(5)(D)(ii) and 8 CFR 204.6; and any investor financing arrangements, including third-party or affiliate loan structures. Approval of a Form I-956F does not guarantee approval of related Form I-526E petitions.

The approval of an I-956F shall be binding<sup>4</sup> for purposes of the adjudication of subsequent Forms I-526E Immigrant Petition by Regional Center Investor, filed by immigrants investing in the same offering described in this I-956F application, and of petitions by the same immigrants filed under INA § 216A unless—

- (I) the applicant engaged in fraud, misrepresentation, or criminal misuse;
- (II) such approval would threaten public safety or national security;
- (III) there has been a material change that affects eligibility;
- (IV) the discovery of other evidence affecting program eligibility was not disclosed by the applicant during the adjudication process; or
- (V) the previous adjudication involved a material mistake of law or fact.

---

<sup>3</sup> An immigrant investor who has invested the required amount of capital in a targeted employment area designated as a high unemployment area during the period in which the area is designated will not be required to increase the amount of investment due to the expiration of the designation.

<sup>4</sup> A regional center may seek approval of an amendment to an approved Form I-956F application under INA § 203(b)(5)(F)(iii)(I) that reflects changes to any information, documents or other aspects of investment offering described in the approved application not later than 30 days after any such changes. Upon approval of a timely filed amendment to an approved application, such changes may be incorporated into associated investor petitions.
